

**Erasmus+**

**Group Mobility for Students**

**Zagreb, Croația – May 20-24, 2024**

Our high school is organising a new group mobility for students, within the Erasmus+ accreditation. 5 students, aged 17-18, accompanied by 3 teachers, are involved in carefully designed, exciting activities, along with their visually impaired peers at the hosting school, [Vinko Bek Center](#), in Zagreb, Croatia.

The aim of the activities planned for the 5 days of mobility is to increase social inclusion of the visually impaired students involved, to develop their daily independence skills, and, also, their linguistic and digital skills.

We are grateful to the hosting school, for their warm welcome, and look forward to sharing participants' feedback.
